The Fort Wayne Redevelopment Commission of the City of Fort Wayne met in a special meeting at the office of the Department of Redevelopment in the City of Fort Wayne, Indiana at 7:30 o'clock P. M., on the 7th day of August, 1968, the place, hour, and date duly established for the holding of such meeting.

The President called the meeting to order and on roll call, the following answered present:

D. H. Walker  
W. C. Rastetter  
W. F. Borgmann  
M. G. Scott

and the following were absent:

B. K. Stuart

The President declared a quorum present.

MAIN STREET

The Executive Director reported that because of complications involved in leasing land which required obtaining three reuse appraisals, it had been found necessary to receive proposals for the service of an individual or a firm to operate parking facilities for the Redevelopment Commission on a percentage basis. This would avoid the necessity of obtaining appraisals on each individual area to be utilized as parking facilities. The attorneys are preparing the documents for these purposes.

HANNA-CREIGHTON

The Executive Director reported that based upon newspaper publicity, there was some question as to whether the school board would proceed with the construction of the elementary school scheduled for construction on Parcel 25 in the Hanna-Creighton Renewal Project. This would eliminate \$257, 600 non-cash local grant-in-aid credit for which the

LPA would need to find additional credit or provide cash in lieu of credit. Also, the Park Board had indicated an interest in acquiring the 10 acres to be used as a city park. It was the decision of the board that no action be taken until such time as it was definitely established whether or not the school board would be in a position to proceed.

The Executive Director reported there was considerable interest by prospective redevelopers in the commercial area along the north border of the Hanna-Creighton project. Disposition documents were being reviewed by the attorney for the LPA prior to submission to HUD for final review.

#### OTHER BUSINESS

The Executive Director reported that the entrance level for the position of secretary with the City of Fort Wayne was established at \$4,100 per annum, and that the Redevelopment Commission had comparable positions of secretary at both the Central and Site offices. He requested that salaries for these positions be established at \$4,100 per annum effective August 12, 1968. The Redevelopment Commission unanimously approved this request.

The Commission approved the hiring of Mrs. Julia Zickgraf as secretary for the Central office effective August 12, 1968.

#### ADJOURNMENT

There being no further business, the meeting adjourned at approximately 8:30 P.M.

MAIN STREET

Mr. Phil Burt, Attorney, appeared before the Commission on behalf of his client, Miss Lenore Laurent, owner of parcel 5-6 in the Main Street Renewal Project. He informed the Commission that as a result of general knowledge of the intended project, the tenant had vacated the structure in October, 1963, and the property had remained vacant since. The only income was derived from rental of parking spaces behind the structure. Mr. Burt referred to complaints stated in a letter of April 25, 1968 from Mr. Jackson of his firm and was informed that these had been corrected within 2 days. He was not aware of this. The Commission informed Mr. Burt that loss of income was not a compensable loss under Renewal law. Mr. Burt indicated he would deliver the executed agreement to sell to the Commission within the immediate future.

The Executive Director reported that the City had requested that they be allowed to start construction on the City-County building and that the title to the land be transferred within one to two years. The attorney was instructed to research the loan and grant contract and state law to determine the Commission's responsibility in such an instance. The Commission indicated its willingness to cooperate to the fullest extent within its legal authority to assist the City to initiate construction of the building.

HANNA-CREIGHTON:

The Executive Director informed the Commissioners that HUD approval had been obtained and advertisement published for the receipt of bids on September 17th for site improvements within the Hanna-Creighton Urban Renewal Project. These improvements would consist of the construction or improvement of Wallace Street, Creighton Ave., Hanna and Anthony Blvds., Buchanan Street, Smith Street, Greene Street and the service drive for Inter-Church Housing Development, and would include all utilities.

The Executive Director presented a rough draft of a sales brochure for the disposition of real estate within the Hanna-Creighton Urban Renewal Project together with a proposal from Wade, Lauer and Katt, Inc. to develop the sales brochure and produce 5000 copies for a fee of \$1500.00. The Commission authorized the execution of the agreement for the preparation of the sales brochure at the figure of \$1500.00.

OTHER BUSINESS:

The Executive Director presented a copy of a letter from Mr. Richard Worley, State Examiner for the Indiana State Board of Accounts, regarding a balance of \$9,785.00 in the Commission's Redevelopment District Bond Fund in which he recommended the balance be transferred to the Commission's Redevelopment District General Fund. After discussion the following resolution was introduced and read:

RESOLUTION OF THE CITY OF FORT WAYNE DEPARTMENT  
OF REDEVELOPMENT APPROVING THE TRANSFER OF  
FUNDS FROM THE REDEVELOPMENT DISTRICT BOND FUND

WHEREAS, The Redevelopment District Bond Fund has a current balance of \$9,785.00 which represents rental income in the year 1963 and 1964, and

WHEREAS, The Commission has no bonded indebtedness to be paid from said fund, and

WHEREAS, there is no state statute that makes provisions for closing out this fund, and

WHEREAS, at the time said funds were accumulated the Commission had only one other account, the Redevelopment District General Fund and said funds would have properly been deposited into this fund.

NOW, THEREFOR, BE IT RESOLVED, BY THE REDEVELOPMENT COMMISSION OF THE CITY OF FORT WAYNE:

That the balance of nine thousand, seven hundred eighty five dollars (\$9,785.00) in the Redevelopment District Bond Fund be transferred to the Redevelopment District General Fund.

Commissioner Borgmann moved the adoption of the resolution as introduced and read. Commissioner Stuart seconded the motion. On roll call the following voted "Aye":

and the environment. This environmental influence is not limited to the physical environment, but also includes the social environment.

The social environment is important to the task of improving education and I will focus on this. The social environment can be divided into school and community environments. The school environment has important and significant influences on the learning process because it is the place where students spend most of their time.

There are many factors that contribute to the quality of education in schools. These factors include teacher quality, student motivation, and school facilities.

Teacher quality is an important factor in determining the quality of education. Teachers who are well-trained and experienced are more likely to be effective in their teaching.

Student motivation is another important factor in determining the quality of education. Students who are motivated to learn are more likely to succeed in their studies.

School facilities are also important in determining the quality of education. Schools that have good facilities are more likely to provide a better learning environment for students.

In conclusion, the social environment has a significant influence on the quality of education. It is important for schools to provide a supportive and stimulating environment for students to learn and grow.

It is also important for schools to provide opportunities for students to participate in extracurricular activities. Extracurricular activities can help students develop important life skills such as teamwork, leadership, and problem-solving.

Finally, it is important for schools to provide a safe and secure environment for students. A safe and secure environment is essential for students to feel comfortable and able to learn.

In summary, the social environment is an important factor in determining the quality of education. Schools must provide a supportive and stimulating environment for students to learn and grow.

It is also important for schools to provide opportunities for students to participate in extracurricular activities. Extracurricular activities can help students develop important life skills such as teamwork, leadership, and problem-solving.

Finally, it is important for schools to provide a safe and secure environment for students. A safe and secure environment is essential for students to feel comfortable and able to learn.

MINUTES OF A SPECIAL MEETING OF THE FORT WAYNE REDEVELOPMENT COMMISSION OF THE CITY OF FORT WAYNE, INDIANA, HELD ON THE 27TH DAY OF SEPTEMBER, 1968

The Fort Wayne Redevelopment Commission of the City of Fort Wayne, Indiana met in special meeting at the Chamber of Commerce Building in the City of Fort Wayne, Indiana at 12:00 Noon on the 27th day of September, 1968, the place, hour, and date duly established for the holding of such meeting.

The President called the meeting to order and on roll call the following answered present:

D. H. Walker  
B. K. Stuart  
W. C. Rastetter  
W. F. Borgmann

and the following were absent:

M. G. Scott

The President declared a quorum present.

Also present was Hassel Wolfe, Executive Director.

The Executive Director reported that Mr. Don Mullen of the Department of Housing and Urban Development was in the city of Fort Wayne reviewing the City's request to delay the payment for the acquisition of land for the City-County building. Indications are that the Department of Housing and Urban Development will require very detailed accounting of its efforts to reduce the proposed contract in an effort to meet both the construction costs and land cost prior to agreeing to any delay in payment. He also indicated that the Department of Housing and Urban Development will require assurance that in the event that an agreement is granted to defer payment that at such time as the payment then might come due, the City would be in a position to acquire title to the land and make payment therefore.

The Executive Director reported that the LPA had received the updated appraisals from Real Estate Research on Parcels 5-11, 5-12 and 5-13. The LPA had also received revised appraisals on Parcel 6-18 based upon information furnished after completion of the original appraisals, and that the LPA would be in order to request a new concurred price for these parcels. After discussion of data relating to each of the appraisals, the following resolution was introduced and read:

WHEREAS, the Redevelopment Commission is undertaking an Urban Renewal Project known as No. Ind. R-52 and

WHEREAS, the Commission has obtained three appraisals of the following parcels of real estate, and after review of the appraisals and other available information, it appears that the fair market value of each parcel is as established later in this resolution, and

WHEREAS, it is necessary to acquire said real estate to carry out the objectives of the Urban Renewal Plan for said project,

NOW, THEREFORE BE IT RESOLVED BY THE REDEVELOPMENT COMMISSION OF THE CITY OF FORT WAYNE THAT:

1. The fair market value of the following parcels of real estate is established as follows:

Parcel 5-11	\$43, 000
Parcel 5-12	\$47, 500
Parcel 5-13	\$37, 500
Parcel 5-19	\$13, 400
Parcel 5-20	\$13, 500
Parcel 5-21	\$10, 750
Parcel 5-22	\$23, 500
Parcel 6-18	\$72, 000

2. Acquisition of the above parcels of real estate is authorized at the established fair market values subject to concurrence by the Department of Housing and Urban Development.

Commissioner Borgman moved the adoption of the resolution as introduced and read. Commissioner Rastetter seconded the motion and on roll call, the following voted "Aye":

D. H. Walker  
B. K. Stuart  
W. C. Rastetter  
W. F. Borgmann

and the following voted "Nay":

None.

The President thereupon declared the motion carried and the Resolution adopted as introduced and read.

The President informed the Commission that the owners of the Stucky Property had indicated an interest in acquiring that portion of the Main Street Project north of the Nickle Plate Railroad as a site to relocate their facilities from the property on Main Street. This would be dependent upon the property being offered for public sale, and the firm submitting the successful bid.

Upon completion of the preparation of contract documents which are being prepared for the disposition of the Industrial area of the Hanna-Creighton Project, the necessary amendments would be made to adapt the documents to the subject area and the property would be offered at public sale.

#### HANNA-CREIGHTON

The Executive Director reported that as a result of advertisement for bids on site improvement work, the Commission received four bids on September 17, 1968, the lowest being in the amount of \$871, 591. 28 from John Dehner Company. This low bid was approximately 1/2 of 1% above the engineer's estimate of \$886, 000. The necessary information to obtain clearance of the proposed contractor by the Department of Housing and Urban Development was being prepared for submission to HUD

at the earliest possible date, and the counsel for the LPA was reviewing contract documents, after which the Commission would be asked to make an award of the work.

#### ROLLING MILL

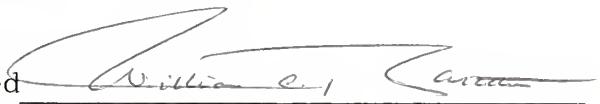

The Executive Director reported that considerable progress had been made in negotiations to settle those condemnation cases now pending. A tentative agreement had been reached and the attorneys were preparing the necessary documents to finalize this agreement.

#### APPROVALS

- a. Vouchers of August 7th, September 4th and September 24th.
- b. Minutes of July 24th, August 7th and September 4th.

#### ADJOURNMENT

There being no further business to come before the meeting, upon motion duly made and seconded, the meeting was adjourned.

The Fort Wayne Redevelopment Commission of the City of Fort Wayne met in a special meeting at the office of the Department of Redevelopment in the City of Fort Wayne, Indiana at 7:30 o'clock P.M., on the 30th day of October, 1968, the place, hour, and date duly established for the holding of such meeting.

D. H. Walker  
W. C. Rastetter  
B. K. Stuart

and the following were absent:

W. F. Borgmann  
M. G. Scott

The President declared a quorum present.

HANNA-CREIGHTON:

Mr. Phil Burt, Attorney, had requested permission to present a proposal to the Commission. He informed the Commission that a group of approximately 40 Negro business men had retained him to assist their effort to develop a shopping area of approximately 200, 000 sq. feet of retail space. They were interested in approximately 12 acres and thought the ideal location would be at Creighton and Anthony Blvd. Mr. Burt explained the sources of financing which were being explored and the plan to retain control by the developers of authority to hire and train employees of those firms leasing space in the development. The area under consideration is presently scheduled for light industrial zoning and land use. To consider a proposal such as is being proposed would involve an amendment to the land use plan. The Executive Director was instructed to explore the requirements for the Commission to amend its land use plan. Mr. Burt indicated they would proceed with the feasibility study to determine the feasibility of such a project.

The Executive Director reported that there remained only 11 parcels on which the Commission had not received executed agreements to purchase. Of these, several had indicated a willingness to sign.

Disposition documents are nearing completion for the industrial parcels and will be submitted to HUD for approval in the near future.

Relocation is nearing completion in the industrial area with the exception of the Hanna Corporation. The target date for March 1, 1969 was established to complete relocation within parcel 26.

The following resolution was introduced by the President and read in full:

RESOLUTION ACCEPTING BID OF JOHN DEHNER, INC.  
FOR CONSTRUCTION OF SITE IMPROVEMENTS IN  
HANNA-CREIGHTON URBAN RENEWAL PROJECT NO.  
IND. R-51 AND AUTHORIZING EXECUTION OF AGREEMENT  
AND APPROVAL OF BOND

WHEREAS, the City of Fort Wayne, Department of Redevelopment, in connection with the construction of certain site improvements proposed in the Hanna-Creighton Urban Renewal Project No. Ind. R-51, duly advertised that bids thereon would be received on September 17th, 1968, and

WHEREAS, it has been determined that the Bid Proposal of John Dehner, Inc. is the lowest bid complying with the conditions of the Invitation for Bids,

NOW, THEREFORE, BE IT RESOLVED that the Bid of John Dehner, Inc. for the construction of site improvements, Phase I of Hanna-Creighton Urban Renewal Project No. Ind. R-51 be accepted;

BE IF FURTHER RESOLVED, that the Agreement with John Dehner, Inc. dated October 22, 1968, in the form attached hereto and by this reference made a part hereof, be executed by the City of Fort Wayne, Department of Redevelopment and the President and Secretary respectively of the Fort Wayne Redevelopment Commission, Governing Body of the City of Fort Wayne, Department of Redevelopment, be and they are hereby authorized and directed to execute said Agreement;

After discussion, Mr. Rastetter moved the adoption of the resolution as introduced and Dr. Stuart seconded the motion. The motion carried and the President declared the resolution adopted.

MAIN STREET

The President stated that the proposal from the Fine Arts Foundation for the purchase of property within the Main Street Project would expire on December 1, 1968, if not accepted by the Commission prior to

this date. He reported that he would contact Mr. Ed. Minerth of the Fine Arts Foundation to arrange for a meeting between members of the Commission and officials of the Fine Arts Foundation to determine their capacity to develop the land on which they had submitted a proposal. After this meeting, the Commission would decide if it would accept a proposal in its' entirety or if it would negotiate for disposition of a smaller area more in line with the Fine Arts Foundations' ability to develop.

The Executive Director reported that agreement had been reached with the owners of the property in Block 2 which was still in condemnation and that final disposition to the City would be completed just as soon as these court cases were settled. It was the recommendation of the Executive Director that the Commission adopt a resolution authorizing the conveyance of a deed to the City for that property within Block 2 of the Main Street Project.

The following Resolution was introduced by the President and read in full:

HANNA-CREIGHTON

The Executive Director reported that during the course of negotiations with the owners of Parcel 23-15 which is occupied by the Four-Hour Laundry, it appears that it might be advisable to update the acquisition appraisal on this property as it is very likely that it may be necessary to acquire by eminent domain. In addition to updating the acquisition appraisal, it appears desirable to update the irremovable appraisal.

The Executive Director presented a copy of the construction plans as

defined in Section 301 of the contract for sale of land for private redevelopment in connection with Parcel 24 of the Hanna-Creighton Project. After review of the construction documents, the following Resolution was introduced and read:

## ROLLING MILL

The Executive Director reported that Mr. Fox of the Fox Tavern within the Rolling Mill Project had visited the Redevelopment Commission offices and requested that his time for vacating the property be extended beyond the date of January 1, 1969. It was explained that this date was consistent with the ordered vacation of the tavern next door which was acquired from Bojrab and this date had been approved by court order. The Commission expressed the wish that the date of vacation of both properties remain January 1, 1969.

The President explained that the attorney for Mr. Hayden within the Rolling Mill Project had requested an extension beyond February 1, 1969, for the vacation of property by Mr. Hayden. It was explained that he was having constructed a new residence that would not be completed for several months. It was agreed by the Redevelopment Commission that no date beyond February 1, 1969, could be agreed upon without the risk of disruption to the plans of Joselyn Stainless Steel Company. It was agreed that every effort would be made by the Redevelopment Commission to obtain suitable temporary relocations facilities for Mr. Hayden's family, but that no assurance could be given that he could remain in this property beyond February 1, 1969.

The Fort Wayne Redevelopment Commission of the City of Fort Wayne met in a special meeting at the Chamber of Commerce Building in the City of Fort Wayne, Indiana at 12:00 Noon on the 18th day of December, 1968, the place, hour and date duly established for the holding of such meeting.

The President called the meeting to order and on roll call, the following answered present:

D. H. Walker  
W. C. Rastetter  
B. K. Stuart  
M. G. Scott

and the following were absent:

W. F. Borgmann

The President declared a quorum present.

GENERAL

Miss Susan Schilling, the Mayor's Coordinator of Urban Development, discussed with the Board of Commissioners the responsibilities of her position, which were as follows:

1. Direction of the city's efforts to continue to maintain a certified workable program with special emphasis upon working with the Citizen's Advisory Committee and all sub-committees.
2. Assistance to the various departments of the city in investigation of all possible programs of Federal Assistance and making applications for finances through same.

Miss Schilling presented to the Commissioners a copy of the recommendations of the Citizen's Advisory Committee to the Mayor and his response. Miss Schilling indicated that if she could be of assistance to the Redevelopment Commission in carrying out any of its assigned responsibilities, she was most anxious to help.

## MAIN STREET

The Executive Director presented a copy of a bill from Brooks Construction Company in an amount of \$4, 801.20 for services in connection with preparing sites within the Main Street Project to be used as parking lots. Upon approval by the Commission, the amount would be paid by Carl Light from proceeds from operation of the parking lots. The Commission approved the invoice in the amounts read.

## HANNA-CREIGHTON

The Executive Director reported that inasmuch as it appeared that there would be eminent domain proceedings to acquire the Four-Hour Laundry (Parcel 23-15) within the Hanna-Creighton project and all appraisals were approximately four years old, in accordance with discussion at the last Commission meeting, appraisers, including S. M. Dix, the appraiser for irremovables, had been contracted to secure a figure for which each would update their appraisal report. The Director presented a letter from S. M. Dix in which they proposed to update the irremovable appraisal on said parcel for the amount of \$1680.00. This would include the following:

1. Provide for the updating of the existing irremovable fixture appraisal.
2. Provide for the appraisal of all movable fixtures showing for each item the current replacement cost, total depreciation, the current value in place and the alternate relocation cost.

After discussion, the motion was made that S.M. Dix be authorized to proceed with the updating of the appraisal. The motion was seconded and upon roll call, the Commission approved the motion.

After adoption of a Resolution authorizing disposition to Inter-Church Housing Corporation by the Commission at its last meeting, certain documents in connection with the proceedings had to be amended, and it was the recommendation of the Commission's legal counsel, Mr. Otto Grant, that the Commission readopt the Resolution with the amended documents. The Chairman presented the following Resolution:

Fort Wayne, Indiana 46802

Gentlemen:

This letter is written for the purpose of evidencing certain agreements which we have reached upon the closing today of the sale to you of Lot Numbered 24 in Hanna-Creighton Subdivision in the City of Fort Wayne, Indiana, Section One, according to the recorded plat thereof.

It is agreed that such work as we are required to perform upon said real estate under the Contract for Sale of Land for Private Redevelopment dated July 21, 1968 which may not have been performed heretofore will be performed subsequent to the execution of the conveyance.

It is further understood that none of the provisions of said contract are intended to or shall be merged by reason of the execution of the conveyance of said real estate to you and such deed shall not be deemed to affect or impair the provisions and covenants of said contract.

It is further understood that notwithstanding the fact that the "buffer strip" located between Hanna Street and Greentree Court and between Wallace Street and Oakland Court is not included in the conveyance to you, the same shall be seeded and landscaped by you. While the same has been dedicated to the Board of Works of the City of Fort Wayne for purpose of parks or similar usage, if the same is not maintained by some agency of the City, it will be the duty of you or your successor in interest to maintain the same as provided in said contract.

If the foregoing provisions correctly state our agreements, please indicate by signing the endorsement below; whereupon, this letter shall be a binding agreement between us.

CITY OF FORT WAYNE  
DEPARTMENT OF REDEVELOPMENT

By Donald J. Walker  
President Fort Wayne  
Redevelopment Commission

Inter-Church Housing Corporation approves and agrees to the terms of the above letter.

Dated this 18th day of December, 1968.

INTER-CHURCH HOUSING CORPORATION

By R. Nelson Snider  
R. Nelson Snider, President

After a discussion, Commissioner Scott moved the adoption of the Resolution as introduced and read. Commissioner Stuart seconded the motion, and on roll call, the following voted "Aye":

M. G. Scott  
B. K. Stuart  
W. C. Rastetter  
D. H. Walker

and the following voted "Nay":

None.

Thereupon, the chairman declared the motion carried and the Resolution adopted as introduced.

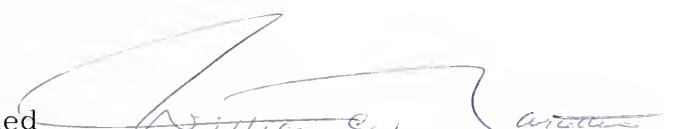

The Executive Director reported that prior to acceptance of any offer to purchase real estate which might be received in response to the advertisement of the Industrial portion of the Hanna-Creighton project, it would be necessary that the Commission secure a credit report from an approved source on the prospective redeveloper. The firm of Dun and Bradstreet had been approved by the Department of Housing and Urban Development for the furnishing of this type report, and they had proposed to provide these services to the Redevelopment Commission for a fee of \$670.00 per year. The Commission requested that this service not be obtained until near the time when it would be required or approximately March 1, 1969.

#### ROLLING MILL

The Executive Director reported that the Redevelopment Commission now owned all the Real Estate within the Rolling Mill project, and will have possession of every parcel not later than February 1, 1969. Final disposition documents are being prepared to transfer title to the Joselyn Stainless Steel Company in accordance with the previously approved agreement.

#### ADJOURNMENT

There being no further business to come before the Commission, the meeting adjourned at approximately 1:30 P. M.

The Fort Wayne Redevelopment Commission of the City of Fort Wayne met in a special meeting at the office of the Department of Redevelopment in the City of Fort Wayne, Indiana at 7:30 o'clock P. M. on the 15th day of January, 1969, the place, hour and date duly established for the holding of such meeting.

and the following were absent:

The President declared a quorum present.

HANNA-CREIGHTON:

The Executive Director reported that 21 parcels of real estate located in the Industrial area along the northeast boundary of the Hanna-Creighton Project are to be advertised on the 16th day of January for the receipt of bids on the 18th day of March, 1969.

The Commission is now in the process of distributing the 5000 brochures prepared to assist in the sale of this land and making additional contacts with those from whom we have received an inquiry. Indications are that there will be much interest in the purchase of this land.

The Executive Director reported that as previously announced, it will be necessary to update at least two of the real estate appraisals on parcels 23-15, (Four-Hour Laundry). Since some improvements have been made to parcel 23-13, Growth Industries since the original appraisal, it would be desirable to, at the same time, secure updated appraisals on this parcel. He presented proposals from Ralph Wenger and Associates in the amount of \$1,075 and Ron Gettle, \$950.00 for the updating of the appraisals on the subject properties. Mr. Borgmann moved the acceptance of the proposal by the two appraisers for the updating of their report on Parcel 23-13 and 23-15. The motion was seconded by Mr. Rastetter. On roll call, the motion carried.

The Executive Director reported that under date of August 23, 1967, the Commission had entered into a contract for certain engineering services in connection with the Hanna-Creighton Project with Robert P. Warner & Associates, and that said contract provided for a maximum payment of \$4500.00 for the work then anticipated. Since the execution of the original contract, it had been found necessary to file separate plats for that area being conveyed to the Inter-Church Housing Corporation and the balance of the project and to make certain other changes in the work to be performed by the contractor, and that it would be necessary to increase the maximum allowable compensation to the amount of \$9,100.00. The Executive Director emphasized that the method of computing the fee earned by the Contractor remained the same. In the event the required services did not amount to the figure of \$9,100.00, no payment in excess of the amount earned would be made.

Dr. Stuart moved the authorization to amend the maximum allowable compensation to the amount of \$9,100.00. Mr. Borgmann seconded the motion. On roll call, the motion carried.

The Executive Director reported that in response to an advertisement for bids on January 14, 1969, four proposals were submitted for preliminary loan notes of the Commission, in the amount of \$2,534,000.00. The lowest of these proposals was for an interest rate of 3.80% and a premium of \$25.00 submitted by Fort Wayne National Bank. Other groups bidding included Continental Illinois National Bank & Trust Company of Chicago and First Boston Corporation at an interest rate of 4.24%; Bank of America, First National City Bank, Morgan Guaranty Trust Company and Solomon Brothers at an interest rate of 4.58%; and Chase Manhattan Bank and Lehman Brothers at an interest rate of 4.80%.

The Executive Director reported that it would be necessary to call a special meeting of the Commission within the next few days to act upon these bids.

In addition to the borrowing of \$2,534,000, the Federal Government had agreed to make a Capital Grant Payment in the amount of \$434,540 and a Relocation Grant in the amount of \$18,368.00 to help retire the outstanding obligation of \$2,225,000 issued last August.

#### MAIN STREET

The Executive Director reported that the deed to the City for the site of the City-County building had been signed and was ready for delivery and that the City of Fort Wayne would present to the Redevelopment Commission a check in the amount of \$331,902.00 on January 16th. The site that consists of the area to be occupied by the Municipal parking garage will be transferred at some latter date.
